

Vista

Exterior Solar Screen

Open roll screen - no cassette.

Vista | Conroe Awning & Screen

The Outdoor Alchemist

VISTA Exterior Solar Screen

Vista is a premier exterior open roll system. Its minimal design without the cassette is what gives it full adaptability. Vista is ideal for situations that require a seamless look such as recess mounts that conceal the entire screen mechanism in a pocket while retracted. Available in manual or motorized configurations to suit any project requirement.

The fabric is exposed and the roll tube is attached to 2 cleanly designed brackets on each end which can be wall or ceiling mounted. The fabric is guided with either ShyZip® Spring track system or cable guides. Offered in 9 standard colors and all powder-coated in house, with custom RAL upgrades available.

Designed for modern spaces, Vista provides reliable solar protection, reducing heat gain and glare. Its adaptable design makes it well-suited for both residential and commercial applications, offering comfort, performance, and a clean architectural finish.

FRAME COLORS

POWDER COATING*

The aluminum extrusions are painted with certified Qualicoat cycle epoxy powders.

*RAL CUSTOM COLOR POWDER COATING IS ALSO AVAILABLE. Differences in color tones in this brochure may occur due to the reproduction technique, therefore these finish images should not be used for final production specifications.
